Self Designed App 2

I want to create an EXPENDIT APP app. Expendit **App** is your friend when it comes to managing your transactions and **tracking** your **expenses**. It will help you to keep a track on your expenses and know how much they spent on which thing and save money on unwanted expenses…

USER STORIES FOR EXPENDIT APP:-

Administrator:-

As an administrator, I want users to sign up and login to the app so that they are authenticated users.

As an administrator, I want users to add their expenses list to the app so they can keep a track on their expenses and know how much they spent on which thing.

USER:-

As a user, I want to add my expenses list to the app so that I can keep a track on my expenses.

As a user, I want to set a limit to my expenses so that after that limit I can't spend on unwanted things.
